

# High School Photo Contest

## Student Entry Rules

- The photo must be taken by the student.
- The photo may be either black-and-white or color, taken with any type of camera.
- The original capture may be cropped for better composition. Minimal manipulation of digital images with the intention of accurately rendering the subject is acceptable e.g.: small adjustments to brightness, color, color balance and/or sharpness.
- Each student is allowed to enter only one photo. Group work is not allowed.
- Student must assign the entry to either the “Natural” or “Contrived” category.
- Student must write an essay of 250 words or less describing the physics in the photo, and a title for the entry.
- Student must upload a JPEG or PNG (preferred) file of the photo, high resolution. File must be less than 50MB.
- Student must upload a signed Entry Agreement.
